To Whom It May Concern,

The Innisfil Accessibility Advisory Committee (IAAC) received and considered your email dated October 3, 2017 regarding your awareness campaign to legally adopt the Dynamic Symbol of Access (DSA) as an alternative to the currently used International Symbol of Access (ISA).

Please be advised the IAAC adopts the DSA in principle and supports the awareness campaign and awaits the positive results from the Province.

Sincerely,

A handwritten signature in black ink that reads "Margaretta Papp-Belayneh".
